

Chopi Chopi

7th February 2024

To Whom it may concern,

I confirm that William Sames has worked on-board Motor Yacht Chopi Chopi, an 80m private pleasure yacht since 1st December 2022. William was hired as 2nd / Crew Chef however, we have periodically moved him to Head Chef position in the absence on the Head Chef.

I found William to be a well-organized, well presented and motivated crew member. He provides a huge selection of well balanced and healthy food, takes pride in his work and is always keen to experiment with recipes and products to expand his knowledge and skillset.

Chopi Chopi is an extremely busy yacht, usually dual season with an average of 60% occupancy and the galley is preparing food for 25 crew and 22 guests. His position requires long hours and often last minute changes in both menus and numbers all of which William takes in his stride.

William was always willing to offer his assistance and has an excellent rapport with the crew the owners as well as any professional organizations we dealt with. William is a positive individual and would be an asset to any ocean going yacht or land based organisation. I would have no hesitation in having him work for me again and I can confidently recommend him.

I am more than happy to answer any questions anyone might have regarding both Williams character and work ethic / ability.

Richard Hodgson
